DOCKET NO. 91-364-E - ORDER NO. 91-593 JULY 5, 1991

IN RE: Request of Carolina Power & ) ORDER APPROVING, IN Light Company for Approval of ) PART, REVISIONS TO Revisions to its Service Regulations. ) SERVICE REGULATIONS

This matter is before the Public Service Commission of South Carolina (the Commission) on the request of Carolina Power & Light Company (CP&L or the Company) for approval of its proposed revisions to its Service Regulations. Specifically, CP&L proposes to change the last paragraph of Provision 1(h) to increase the reconnect fee during normal business hours from \$7.50 to \$15.00 and to increase the reconnect fee during all other hours from \$15.00 to \$35.00. Additionally, CP&L proposes to alter Paragraph 3 to provide for an increase in its initial service charge from \$7.50 to \$15.00. CP&L contends that its current reconnect and service charges are significantly below cost and result in cross-subsidization by customers who do not use these services.

Upon due consideration of CP&L's Request for Approval of Revisions to its Service Regulations, the Commission hereby approves the initial service charge increase from \$7.50 to \$15.00. Further, the Commission approves an increase in the reconnect fee during normal business hours from \$7.50 to \$15.00. The Commission,
